## Instructions

Section references are to the Internal Revenue Code.

#### **Purpose of Form**

Form 851 is filed by the parent corporation for itself and for corporations in the affiliated group. File Form 851 by attaching it to the consolidated tax return for the group.

### **Affiliated Group**

The term "affiliated group" means one or more chains of includible corporations connected through stock ownership with a common parent corporation. See sections 1504(a) and (b). The common parent must be an includible corporation and the following requirements must be met:

**1.** The common parent must own directly stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of at least one of the other includible corporations.

2. Stock that represents at least 80% of the total voting power, and at least 80% of the total value of the stock of each of the other corporations (except for the common parent) must be owned directly by one or more of the other includible corporations.

For this purpose, the term "stock" generally does not include any stock that (1) is nonvoting, (2) is nonconvertible, (3) is limited and preferred as to dividends and does not participate significantly in corporate growth, and (4) has redemption and liquidation rights that do not exceed the issue price of the stock (except for a reasonable redemption or liquidation premium).

#### Address

Include the suite, room, or other unit number after the street address. If the Post Office does not deliver mail to the street address and the corporation has a P.O. box, show the box number instead of the street address.

### **Corporation Numbers**

When listing information in Parts II, III, and IV, be sure to use the same number for each corporation as you used in Part I, page 1.

## Part II

**PBA (Principal Business Activity) code number.**—Enter in Part II the PBA code number for the parent corporation and each subsidiary. A list of the PBA code numbers can be found in the Instructions for Forms 1120 and 1120-A. Use the code number for the specific industry group from which the largest percentage of each corporation's total receipts is derived.

Also list for each subsidiary the corresponding principal business activity on which the code is based.

**Nondividend distributions.**—For purposes of Part II, nondividend distributions are any distributions (other than stock dividends and distributions in exchange for stock) paid during the tax year for which the consolidated tax return is filed that were in excess of the corporation's current and accumulated earnings and profits. See sections 301 and 316.

## Part IV

**Question 1.**—For purposes of Question 1 only, disregard section 1504(a)(4).

**Question 3a.**—The term "arrangement" includes, but is not limited to, phantom stock, stock appreciation rights, an option, warrant, conversion feature, or similar arrangement. If you answer "Yes" to question 3a, complete items 3b through 3e.

**Item 3b.**—If you answer "Yes" to question 3a, show the percentage of the value of the outstanding stock that the person(s) could acquire.

**Item 3c.**—If you answer "Yes" to question 3a, and the arrangement was associated with voting stock, show the percentage of outstanding voting stock that the person(s) could acquire. **Item 3d.**—If you answer "Yes" to question 3a, and the arrangement was associated with the acquisition of voting power without the acquisition of the related stock, show the percentage of voting power that the person(s) could acquire.

**Item 3e.**—If you answer "Yes" to question 3a, give a brief description of any arrangement (defined above) by which a person that is not a member of the affiliated group could acquire any stock, or acquire any voting power without acquiring stock, in the corporation.
